What expectations do you have regarding volunteering at TMMSN?

Some volunteer tasks may include lifting, bending, or carrying heavy supplies as well as handling and moving large animals. Volunteers must be alert at all times being around unpredictable and dangerous animals and able to communicate with employees and the public.

Do you have any allergies, health/physical condition(s), disabilities or psychological limitations which may restrict/hinder your activities as listed above or put you in any sort of danger? If so, please explain.

While we try our best to help each animal in our care, there are instances when an animal, due to medical, behavioral or other reasons must be euthanized. Although you will not be involved in the process, we would like to know how you feel about it.

Do you have any work experience that might relate to the needs of our organization?
